

Quick Guide to online catalog search

From the Etz Chaim Library page, click "Search Card Catalog"

You will then click on "Congregation Etz Chaim Library"

If you click "About" you will just return to the instruction page.

If you click "Contact Admin" you will be able to send an email to the Librarian.

Enter the password and click "Login"

Please contact a volunteer in the Library or contact the office for the password.

You can search by Title, Author or Subject.

If you check the box on the right, it will only return results with that "exact" match. If you leave the box unchecked, the search will give you a much broader match.

Once you have filled in the field(s), click "Search"

You will be given a total number of book matches at the top of the page. Ten titles are displayed per page and you can move through the pages by clicking "Next" or "Prev".

If your search results are not what you expected, click "Search" at the top of the page to return to the search page and try again.

Result # 1

If you wish to request a book, just check the box in the upper left corner next to the **Title** in the detailed results. (This must be done on the page where the book is displayed) Fill in the information (Name, Phone #, Email address, and any comments.) on the request form. (Three books is the maximum that may be requested at a time.) Then click "Request to borrow checked item(s)".

Name: Phone Number/Email Address:
Comments:

You will receive a confirmation on the items you requested. Please remember that the library has only minimal staffing during certain times of the year. The items you request may not always be ready or currently available when you arrive. The volunteers appreciate your patience as this online process is worked through.
